## MINI-SYMPORIUM 2026

---

JUNE 9-10, 2026  
Pilsen, Czech Republic

PARTNERSHIP OFFER

Dear Partners,

It is our great pleasure to invite you to the ISOBM Mini-Symposium 2026, which will take place **on June 9–10, 2026**, at **the Faculty of Medicine in Pilsen, Charles University** – in the modern and inspiring area of the new campus.

The symposium will focus on current trends and the exchange of experience in the clinical use, research, development, and standardization of biomarkers. The aim of the meeting is to bring together experts from academia, clinical practice, and industry to share the latest insights and to promote interdisciplinary collaboration essential for a personalized approach to patient care.

The program will also include a social evening on June 9, held in the traditional setting of the Pilsen Brewery, offering a unique opportunity to continue professional and friendly discussions in a relaxed atmosphere.

We believe that the combination of a high-quality scientific program, open discussion, and friendly environment will create an inspiring experience for all participants.

We look forward to welcoming you to Pilsen!

*Na všechny když*

prof. Radek Kučera, Ph.D.  
Chairman of the Organizing Committee  
ISOBM Mini-Symposium 2026

prof. Stefan Holdenrieder  
ISOBM President
